

# **Coordinated Clinical Research**

**9850 Genesee Ave  
Suite 320  
La Jolla, CA 92037  
(858)455- 5463**

Take I-5 South  
Exit Genesee Ave  
Go East (left) on Genesee

At the top of the hill take a right (Scripps Memorial Way), it will look like you are turning into Scripps Memorial Hospital.

Take a ticket from the ticket gate and drive straight.

After passing the ticket gate, you will have 3 stop signs. You will drive straight at the first 2 stop signs; at the 3<sup>rd</sup> stop sign, you will see a vendor/construction parking in front of you—please make a right turn instead of going into vendor/construction parking lot. Continue straight and turn right into the first parking structure.

A parking structure is located adjacent to the Ximed building. There are lower and upper levels in the parking structure. If you choose to park on the third floor there is a bridge that connects the parking garage to the Ximed building. (That will be the third floor). Walk across the bridge to the double doors and enter the building we are in Suite 320.

If you park in a different level please take the elevator to floor P1. Then walk out of the parking garage. The parking and Ximed building are separate structures. Enter the Ximed building (across from the door that exits the elevators of the parking garage). Please take the elevator at the lobby up to the third floor we are in Suite 320.
